

DAC Beachcroft – Undebt’s Solicitor, Bristol PC Chandler put my case on hold when Undebt Insolvency Practitioners took over on 26th May 2014, due to lack of available evidence, but when credit card print outs were discovered, it gave the Police Constable a chance to kickstart the case. PC Chandler asked Undebt for the large evidence file, but they struggled to locate it. Finally, when the PC pushed hard for it, the file was discovered to be held by Beachcroft. Once PC Chandler had the file, he, with the help of my ex-staff, had the bones of a strong case by early 2015. I was confident that the case would be in order for CPS by the end of 2015, but once PC Chandler was superseded nobody pushed the case forward. See link below regarding Beachcroft: <https://www.alderking.com/dac-beachcroft-first-to-take-space-at-brisstols-welcome-building/>

It seems to me that Lloyds are supported by a pit of vipers with no moral compass who will trade the wrong side of the line on Lloyds behalf destroying entrepreneurs and SME’s that could help the restored the business confidence back in this country.

Alder King Miles, Hughes & Smith including DAC Beachcroft solicitor Catton lawyers and Undebts (insolvency Consultants). Fuggle (business recovery consultant & business development manager Undebt). Plus many others seem to be part of the Lloyds Bank team that wilfully destroy businesses to there own advantage

Hansard Parliament UK - commons - debates -AlunRichardsAndKashifShabir

16 Sept 2015 · During the same period, Mr Jonathan Miles, as head of receiverships for Alder King, was embedded in Lloyds bank as Mr Shabir's allocated bank manager

Regarding my own case I had a similar problem were my consultant was similar to Jonathan Miles helping destroy Lloyds Bank customers my consultant Fuggle who was supposed to be working for me. I have evidence he was Business Development Manager for Undebt Liquidators. On these two occasions in comparison a surgeon who had an undertakers business was bumping his own patients off to improve his own cash flow in his own undertaking business.
